MANAGEMENT INFORMATION PROXY CIRCULAR

for the Annual Meeting of Shareholders to be held June 24, 2016

GENERAL PROXY INFORMATION

Purpose of Solicitation

This Information circular is furnished in connection with the solicitation of proxies by the management of St. Augustine Gold and Copper Limited for use at the Meeting of the Shareholders of Common Shares.

The meeting (the “**Meeting**”) of the holders (“**Shareholders**”) of common shares (“**Common Shares**”) of St. Augustine Gold and Copper Limited (“**St. Augustine**” or the “**Company**”) will be held at Monte Di Portofino Clubhouse, Portofino Heights, Alabang, Daang-hari, Las Piñas, Metro Manila, Philippines on June 24, 2016 at 9:00 a.m. (Philippine time) and at any adjournments thereof for the purposes set forth in the Notice of Meeting accompanying this information circular (the “**Information Circular**”). Information contained herein is given as of May 15, 2016, unless otherwise specifically stated.

Solicitation of proxies will be primarily by mail but may also be by telephone, facsimile, in person or by other means of communication by directors, officers and employees of St. Augustine who will not be additionally compensated. All costs and expenses incurred in connection with the solicitation of proxies will be borne by St. Augustine.

Appointment and Revocation of Proxies

Enclosed herewith is a form of proxy for use at the Meeting. The persons named in the form of proxy are directors and/or officers of St. Augustine. **A Shareholder submitting a proxy has the right to appoint a nominee (who need not be a Shareholder) to represent such Shareholder at the Meeting other than the persons designated in the enclosed form of proxy by inserting the name of the chosen nominee in the space provided for that purpose on the form of proxy and by striking out the printed names.**

A form of proxy will not be valid for the Meeting or any adjournment thereof unless it is signed by the Shareholder or by the Shareholder's attorney authorized in writing or, if the Shareholder is a corporation, it must be executed by a duly authorized officer or attorney thereof. The proxy to be acted upon must be deposited with Computershare Trust Company, the registrar and transfer agent of the Common Shares, at the 8th Floor, 100 University Avenue, Toronto, Ontario M5J 2Y1, by no later than 5:00p.m. (Toronto time) on June 21, 2016, or two business days preceding the date of any adjournment.

A Shareholder who has given a proxy may revoke it prior to its use, in any manner permitted by law, including by instrument in writing, executed by the Shareholder or by his or her attorney authorized in writing or, if the Shareholder is a corporation, executed by a duly authorized officer or attorney thereof, and deposited at the registered office of the Company at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used or with the chairman of the Meeting on the day of the Meeting or any adjournment thereof.

Advice to Beneficial Holders of Common Shares

The Information set forth in this section is of significant importance to many Shareholders, as a substantial number of Shareholders do not hold Common Shares in their own name. Shareholders who do not hold their Common Shares in their own name (referred to in this Information Circular as “**Beneficial Shareholders**”) should note that only proxies deposited by Shareholders whose names appear on the records of St. Augustine as the registered Shareholders can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in the Shareholder's name on the records of St. Augustine. Such Common Shares will more likely be registered under the names of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the

name of CDS & Co. (the registration name for CDS Depository and Clearing Services Inc., which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers or their agents or nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting Common Shares for the broker's clients. **Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person.**

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided to registered Shareholders; however, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Services, Inc. ("**Broadridge**"). Broadridge typically mails a scanable voting instruction form in lieu of the form of proxy. The Beneficial Shareholder is requested to complete and return the voting instruction form to them by mail or facsimile. Alternatively, the Beneficial Shareholder can call a toll-free telephone number or visit www.proxyvote.com to vote the Common Shares held by the Beneficial Shareholder. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. A Beneficial Shareholder receiving a voting instruction form cannot use that voting instruction form to vote Common Shares directly at the Meeting as the voting instruction form must be returned as directed by Broadridge well in advance of the Meeting in order to have the Common Shares voted.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his broker (or agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for a registered Shareholder and vote the Common Shares in that capacity. Beneficial Shareholders who wish to attend at the Meeting and indirectly vote their Common Shares as proxyholder for a registered Shareholder should enter their own names in the blank space on the instrument of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

Voting of Proxies

All Common Shares represented at the Meeting by properly executed proxies will be voted on any matter that may be called for and, where a choice with respect to any matter to be acted upon has been specified in the accompanying form of proxy, the Common Shares represented by the proxy will be voted or withheld from voting in accordance with such instructions. **In the absence of any such instruction, the persons whose names appear on the printed form of proxy will vote in favour of all the matters set out thereon. The enclosed form of proxy confers discretionary authority upon the persons named therein. If any other business or amendments or variations to matters identified in the Notice of Meeting properly comes before the Meeting, then discretionary authority is conferred upon the person appointed in the proxy to vote in the manner they see fit, in accordance with their best judgment.**

At the time of the printing of this Information Circular, the management of St. Augustine knew of no such amendment, variation or other matter to come before the Meeting other than the matters referred to in the Notice of Meeting.

Notice and Access

The Company is using the Notice and Access provisions of National Instrument 54-101 – Communication with Beneficial Owners of Securities of a Reporting Issuer and National Instrument 51-102 – Continuous Disclosure Obligations (“Notice and Access”) to provide meeting materials electronically, for both registered and non-registered shareholders. Instead of mailing meeting materials to shareholders, the Company has posted this Circular and form of proxy on its website at www.sagcmMining.com/investors/financial-sedar-filings/, in addition to the System for Electronic Document Analysis and Retrieval (“SEDAR”) at www.sedar.com. The Company has sent the Notice and a form of proxy or voting instruction form (collectively, the “Notice Package”) to all shareholders informing them that this Circular is available online and explaining how this Circular may be accessed. The Company will not directly send the Notice Package to non-registered shareholders. Instead, the Company will pay Intermediaries to forward the Notice Package to all non-registered shareholders.

The Company has elected to utilize Notice and Access because it allows for a reduction in the use of printed paper materials and has reduced printing and mailing costs associated with the Company’s shareholder meetings.

In accordance with Notice and Access, the Company set the Record Date at least 40 days before the meeting.

Registered and non-registered shareholders who have signed up for electronic delivery of this Circular and the Company’s Annual Report (which includes management’s discussion and analysis and consolidated financial statements for the fiscal year ended December 31, 2015) (the “Annual Report”) will continue to receive them by email. No shareholders will receive a paper copy of this Circular unless they contact the Company, in which case the Company will mail this Circular within three business days of any request provided the request is made before the date of the meeting or any adjournment thereof. We must receive your request before 5:00 p.m. (Toronto time) on June 21, 2016, to ensure you will receive paper copies in advance of the deadline to submit your vote. If your request is made after the meeting and within one year of the Circular being filed, the Company will mail the Circular within 10 calendar days of any request.

Voting Shares and Principal Holders Thereof

The board of directors of the Company (“**Board of Directors**” or “**Board**”) has fixed May 9, 2016, as the record date. Shareholders at the close of business on May 9, 2016, are entitled to receive notice of the Meeting and to vote thereat or at any adjournments thereof on the basis of one vote for each Common Share held, except to the extent that: (i) a registered Shareholder has transferred the ownership of any Common Shares subsequent to May 9, 2016; and (ii) the transferee of those Common Shares produces properly endorsed share certificates, or otherwise establishes that he or she owns the Common Shares and demands, not later than 10 days before the Meeting, that his or her name be included on the list of persons entitled to vote at the Meeting, in which case, the transferee shall be entitled to vote such Common Shares at the Meeting. The transfer books will not be closed.

As of the record date and the date hereof, 726,758,334 Common Shares were issued and outstanding as fully paid and non-assessable.

As of the date hereof, to the knowledge of the directors and executive officers of St. Augustine, there are no persons or companies who beneficially own, directly or indirectly, or control or direct Common Shares carrying 10% or more of the voting rights attached to all of the Common Shares, except as set forth below:

Name	Voting Securities Held	Percentage of Voting Securities Held
Queensberry Mining and Development Corp. ⁽¹⁾	290,500,000	40.0%

- As of May 9, 2016

Notes:

- 1) Manuel Paolo A. Villar is the President and Chief Executive Officer of Queensberry Mining and Development Corp. (“Queensberry”).
- 2) Andrew J. Russell is the President of Russell Mining Corp. (RMC)

As of the date hereof, the directors and executive officers of St. Augustine, as a group, beneficially owned, directly or indirectly, 290,718,500 Common Shares, representing 40.0% of the issued and outstanding Common Shares.

As of the date hereof, the directors and executive officers of St. Augustine, as a group, beneficially owned, directly or indirectly, 10,560,000 options (“Options”) to purchase Common Shares issuable pursuant to the Company’s incentive stock option plan (the “Option Plan”) of the Company. If all such Options were exercised, the directors and executive officers of St. Augustine, as a group, would hold approximately 38.1% of the then issued and outstanding Common Shares (on a fully diluted basis).

BUSINESS OF THE MEETING

Financial Statements

The audited financial statements of the Company for the year ended December 31, 2015, and the report of the auditors thereon will be available at the Meeting. The audited financial statements and the report of the auditors thereon were filed on SEDAR on March 30, 2016 and provided on or about May 17, 2016, to each Shareholder entitled to receive them.

Election of Directors

In accordance with the policies of the TSX, the election of the board of directors will be conducted on an individual, not a slate, basis. Each person elected as a director of the Company will hold office until the close of the next annual meeting of Shareholders, or until his or her successor is duly elected or appointed.

The enclosed form of proxy permits you to vote in favour of the nominees, or to withhold votes for the nominees. It is the intention of the persons named in the enclosed form of proxy, if not expressly directed to the contrary in such form of proxy, to vote such proxies “FOR” the election of the nominees specified below.

Management has been informed that each of the proposed nominees is willing to serve as a director if elected. If, for any reason, any of the nominees is unavailable to serve, the persons designated in the form of proxy will be able to vote in their discretion for any substitute nominee or nominees.

The following table sets forth the name and jurisdiction of residence of each person that management proposes to nominate at the Meeting for election as a director, the date each first became a director of the Company, the current principal occupation, business or employment of each proposed nominee, the principal occupation, business or employment of each during the past five years and the number of Common Shares beneficially owned, or controlled or directed, directly or indirectly, by each of them as at May 9, 2016.

Additional Information Related to Voting Practices

The TSX has adopted amendments to its policies which require listed companies to disclose whether they have adopted a majority voting policy for the election of directors for non-contested meetings and, if not, (i) explain their practices for electing directors and (ii) why they have not adopted such a policy. As at the date hereof, the Company has adopted a majority voting policy for the election of directors for non-contested meetings, whereby if the number of securities withheld from voting for a particular director nominee exceeds the number of securities voted for the election of that director nominee, then such elected director would be expected to tender his or her resignation.

Corporate Cease Trade Orders or Bankruptcies

To the knowledge of management, no proposed director of the Company is, or has been, within the past 10 years before the date hereof, a director or executive officer of any issuer that, while that person was acting in that capacity: (i) was the subject of a cease trade or similar order or an order that denied the issuer access to any exemption under securities legislation for a period of more than 30 consecutive days; or (ii) was subject to an event that resulted, after the person ceased to be a director or executive officer, in the issuer being the subject of a cease trade or similar order or an order that denied the issuer access to any exemption under securities legislation for a period of more than 30 consecutive days.

To the knowledge of management, no proposed director of the Company is, or has been, within the past 10 years before the date hereof, a director or executive officer of any issuer that, while that person was acting in that capacity or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

Personal Bankruptcies

To the knowledge of management, no proposed director of the Company has, within the 10 years before the date hereof, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or became subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold such person's assets.

Appointment of Auditors

At the Meeting, Shareholders will be asked to pass a resolution appointing auditors of the Company that will be identified prior to or at the meeting for the ensuing year, to hold office until the next annual meeting of Shareholders and to authorize the Board to fix the remuneration to be paid thereto.

The Company's former auditors resigned on their own volition. There have been and are not any disagreements or any other reportable events between the Company and its former auditors.

The Board recommends that Shareholders vote FOR the resolution appointing auditors of the Company that will be identified prior to or at the meeting. In the absence of contrary directions, the persons named in the accompanying form of proxy intend to vote the Common Shares represented thereby in favour of the resolution appointing auditors of the Company for the ensuing year.

EXECUTIVE AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

Introduction

The purpose of this Compensation Discussion and Analysis ("**CD&A**") is to provide information about the Company's philosophy for executive compensation, the elements of compensation and the objectives for such elements. This disclosure is intended to communicate the compensation provided to the Company's senior leaders during 2015, being the seven (7) identified named executive officers ("**Named Executive Officers**").

The Named Executive Officers who are the focus of the CD&A are as follows:

- Manuel Paolo Villar, Chief Executive Officer
- Michael G. Regino, Senior Vice President
- Maryknoll B. Zamora, Interim Chief Financial Officer
- Thomas C. Henderson, Chief Operating Officer
- Kee Ming Chi, General Counsel, Consultant⁽¹⁾
- Rebecca D. De Guzman, General Counsel⁽²⁾
- James J. Moore, Vice President-Technical

Notes:

- 1) Kee Ming Chi was hired as consultant effective February 2015.
- 2) Rebecca D. De Guzman was appointed General Counsel effective September 14, 2015.

Compensation Philosophy and Objectives

The Compensation Committee is responsible for ensuring the Company's executive compensation program reflects the objectives and long term interests of the Company. The primary objectives of the Company's executive compensation program are: (i) to attract and retain talented and experienced people; (ii) to motivate and reward executive officers; (iii) to align the interests of executive officers and Shareholders; and (iv) to provide flexibility to enable the Company to be responsive to changes in the organization, the marketplace and the economy.

The Company collects data from multiple sources to determine appropriate ranges of pay for executives and other employees. The Company uses data from mining specific surveys as well as surveys of the broad local and national markets. Survey information is combined with data collected from its reference groups to establish pay ranges for its executive positions. The Company is in a unique position of requiring talent commensurate with the mid-tier operating companies (based on the projected size and complexity of Company's principal property, known as the "King-king Project") while currently being in a development company stature.

The Company targets the median of the defined market for all elements of compensation. Executives and employees have the opportunity to earn above median compensation for superior performance over time. Individual compensation is determined based on individual and company performance. Individual compensation is slotted, based on performance, within established ranges.

See "Corporate Governance Disclosure - Board Committees and their Mandates - Compensation Committee" for details of the Compensation Committee's members, independence, responsibilities and powers.

Elements of Compensation

Standard compensation arrangements for the Named Executive Officers generally include three key elements: (i) base salary; (ii) performance-based cash bonus; and (iii) equity in the form of options. The Named Executive Officers are also eligible to participate in the same benefits as are offered to full-time employees. The Company does not view these benefits as a significant element of its compensation structure. The Compensation Committee does not have a formal policy for allocating compensation between cash and non-cash compensation. Instead, the Compensation Committee currently determines on a case-by-case basis the appropriate level and mix of various compensation components.

a) Base Salaries

The objective of base salary compensation is to attract, retain and reward executive officers and employees. Base salary is intended to be competitive with companies of similar size and industry while still allowing the Company to shop for talent in the broad market. In setting base compensation levels, consideration is given to such factors as level of responsibility, expected levels of performance, and experience.

Base salaries of executive officers are generally reviewed annually by the Compensation Committee. In addition to the above factors, decisions regarding salary increases are impacted by each executive officer's current salary and the amounts paid to similarly situated executives in our selected reference groups of companies as well as those with comparable responsibilities in the broad market.

b) Performance Based Cash Bonuses

The Board, based upon recommendations from the Compensation Committee, has authority to award discretionary annual cash bonuses to executives and employees, which are intended to motivate and reward the recipients. The actual amount of any bonus is determined following a review of the performance of the organization against its goals and each officer's individual performance. Bonus decisions may be influenced by other criteria, including the Company's ability to pay such bonuses.

c) Options

Option grants are an integral component of the compensation package for the Company's senior officers and other key employees. The Option Plan is designed to: (i) recognize and reward the impact of longer-term strategic actions undertaken by management; (ii) align the interests of the Company's executives and employees with Shareholders; (iii) focus management on developing and successfully implementing the continuing growth strategy of the Company; (iv) foster the retention of key management personnel; and (v) attract talented individuals to the Company.

Option grants are approved by the Board after considering the recommendations of the Compensation Committee. In granting new Options, consideration is given to: (i) the number and terms of Options already outstanding on an individual basis; (ii) the limits imposed by the TSX and the Option Plan on the total number of Options that may be outstanding; (iii) option practices and levels among other mining companies; and (iv) the expected impact of the role of the executive on the Company's performance and strategic development.

In recommending Option grants to the Board, the Compensation Committee considers the base salary of the individual, the individual's responsibilities within the Company, previous Option grants to the individual, and levels of equity awarded to similarly situated executives in the broader mining market and within our reference groups of companies. The Compensation Committee then uses its discretion to adjust the number of Options to be granted up or down based upon individual performance and other factors. See "Option Plan" for details on the Option Plan.

d) Benefits and Other Perquisites

The Named Executive Officers other than those on consultancy basis are eligible to participate in the benefits generally offered to all full time employees. These benefits and other perquisites include such items as life insurance, disability, medical, dental, health and accident plans, up to five weeks of annual paid vacation, and parking. These benefits and other perquisites are designed to be competitive overall with equivalent positions in similar companies.

The Compensation Committee does not believe that its compensation programs encourage excessive or inappropriate risk taking as the Company's employees receive both fixed and variable compensation, and the fixed (salary) portion provides a competitive and steady income regardless of whether an employee receives an annual cash bonus and what the current value of an employee's Options are.

Although the Company does not have a policy which prohibits any Named Executive Officer or director from purchasing financial instruments designed to hedge or offset a decrease in market value of equity securities granted as compensation or held by the Named Executive Officer or director, to the knowledge of the Company, no Named Executive Officer or director has entered into any such agreement.

Compensation Process

The Board, relying on significant input from the Compensation Committee, has the ultimate responsibility for the Company's compensation program and compensation decisions. The Compensation Committee and the Board generally seek advice of officers and other advisors when making these decisions.

The CEO, with the executive team, develops company and individual performance goals. Executive performance is evaluated periodically by the CEO who makes pay recommendations to the Committee. When determining senior officer compensation, the Board evaluates the Company's performance relative to the corporate objectives and strategic business plans and the executives' achievements during the fiscal year.

Company and individual objectives are focused on the achievement of certain milestones that advance the project's design, permitting, funding and infrastructure.

Compensation Consulting and Resources

The Company did not retain an outside compensation consultant in 2015, choosing instead to rely on internal resources.

Analysis of 2015 Compensation and Compensation Decisions

Compensation decisions and payments made during 2015 were affected by the circumstances of the Company during the year.

Year-end base rate adjustments and bonus determination for executives other than the CEO were based on recommendations made to the Compensation Committee by the CEO considering the performance of the organization against goals, the individual performance and contribution of the executive, and the executive's position in the established range.

In order to conserve cash, and because the Committee felt that current pay levels were appropriate, no executives were awarded pay increases in 2015.

Risk Assessment and Oversight

The Compensation Committee considers the implications of the risks associated with the Company's compensation policies and practices. The Compensation Committee's role of approving the compensation policies and practices includes considering whether the compensation policies and practices could encourage a Named Executive Officer to take inappropriate or excessive risks. Based on the experience of the Compensation Committee in compensation matters, the Compensation Committee did not identify any risks arising from the Company's compensation policies and practices that would reasonably be likely to have a material adverse effect on the Company. This assessment was based on a number of considerations, including the following:

- base salaries provide a steady income regardless of share price performance, allowing executives and employees to focus on both near-term and long-term goals and objectives without undue reliance on short-term share price performance or market fluctuations;
- cash bonuses are based on performance measures designed to contribute to long-term value creation;
- Options typically vest over a number of years, motivating the achievement of long-term sustainable objectives and aligning executives with the interests of Shareholders; and

- the Compensation Committee does not solely focus on achievement of narrowly focused performance goals and retains adequate discretion to apply business judgement to assess the overall execution of the long-term business plan and adherence to the Company's corporate vision and values.

Hedging Activities

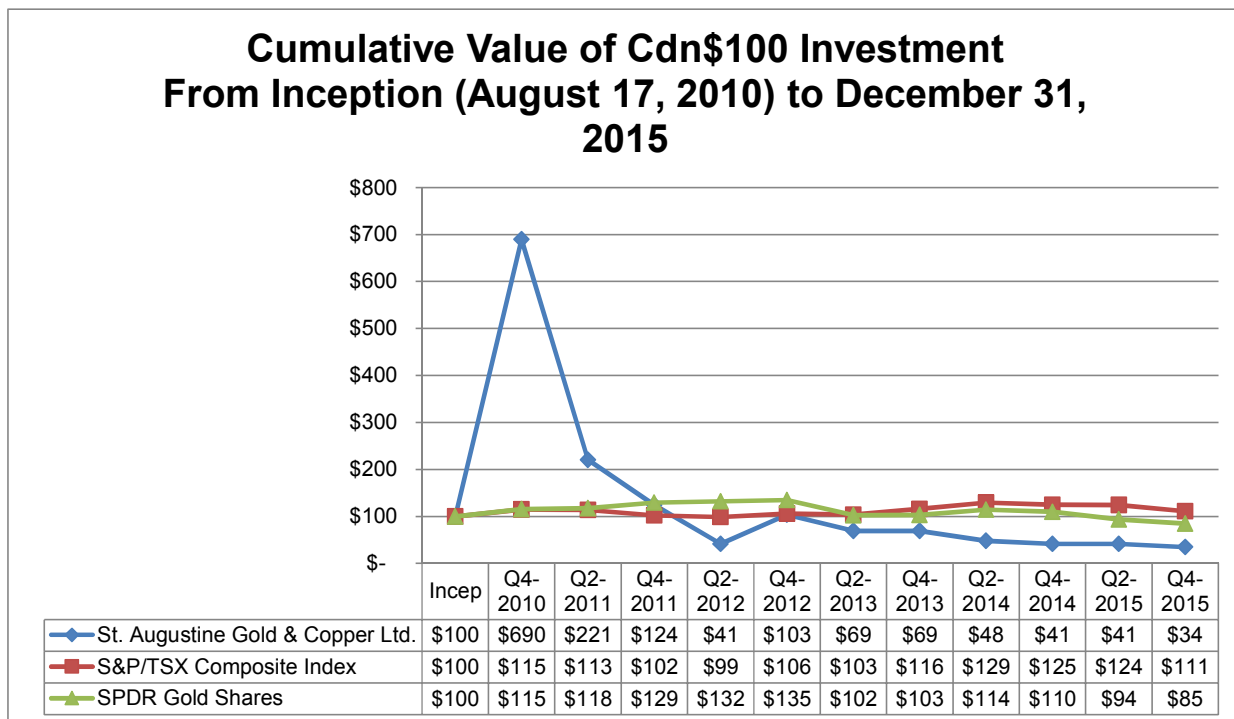

The Company prohibits directors, officers and employees from purchasing and selling certain derivatives in respect of any security of the Company. This includes purchasing "puts" and selling "calls" on the Company's securities, as well as a prohibition on short selling St. Augustine's securities. Aside from these prohibitions, the Company does not have a policy specifically pertaining to other financial instruments including prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, which are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by an executive officer or director. Any transactions of this nature are subject to insider reporting requirements and are reported on the System for Electronic Disclosure by insiders.]

The following graph and table illustrates the Company's inception (August 17, 2010) to December 31, 2015 cumulative shareholder return based on a \$100 investment on August 17, 2010 in the Company's common shares compared to the cumulative return on a comparable investment on the SPDR Gold Shares Exchange Traded Fund (formerly the S&P/TSX Capped Gold Index) and the S&P/TSX Composite Index for the same period, ended December 31, 2015. Notes:

- 1) The value of option-based awards was determined using the Black-Scholes option pricing model, a commonly used mathematical valuation model that ascribes a value to a stock option based on a number of factors, including the exercise price of the option, the price of the underlying security on the date the option was granted, and assumptions with respect to the volatility of the price of the underlying security, the expected life of the option, forfeitures, dividend yield and the risk-free rate of return. The assumptions used in the pricing model are highly subjective and can materially affect the estimated fair value and do not correspond to the actual value that will be recognized by the Named Executive Officers. Calculating the value of stock options using this methodology is very different from a simple “in-the-money” value calculation. In fact, stock options that are well out-of-the-money can still have a significant estimated “grant date fair value” based on a Black-Scholes valuation, especially where, as in the case of the Company, the price of the share underlying the option is highly volatile. Whether, and to what extent, a Named Executive Officer realizes value will depend on the Company's actual operating performance, stock price fluctuations and the Named Executive Officer's continued employment. Accordingly, caution must be exercised in comparing grant date fair value amounts with cash compensation or an in-the-money option value calculation. The same caution applies to the amounts in the “Total Compensation” column above, which are based, in part, on the grant date fair value amounts set out in the “Option Based Awards” column above. The value of the in-the-money options currently held by each Named Executive Officer (based on share price less option exercise price) is set forth in “Outstanding Option-Based Awards” table below.
 - a. **Andrew J. Russell** – In 2014, the value of option-based awards, using the Black-Scholes Option pricing model, was 160,000 share options multiplied by \$0.10, 840,000 share options multiplied by \$0.10, 160,000 share options multiplied by \$0.14, and 250,000 share options multiplied by \$0.14. The Options were granted at exercise prices as follows: 160,000 share options at CDN \$0.14, 160,000 share options at CDN\$0.20, 840,000 share options at CDN\$0.14, and 250,000 share options at CDN \$0.20. Key additional weighted average assumptions used were: (i) the risk free interest rates, which was 1.18%; (ii) weighted average time to expiration of the Options which was assumed to be 2.7 years; and (iii) the volatility was 103.0%. No options were issued to Mr. Russell in 2013. In 2012, the value of option-based awards, using the Black-Scholes Option pricing model, was 1,000,000 shares multiplied by \$0.04 and 1,229,000 shares multiplied by \$0.23. The Options were granted at an exercise price of 1,000,000 shares at CDN \$1.54 and 1,229,000 at CDN \$0.40. Key additional weighted average assumptions used were: (i) the risk free interest rates, which was 1.14%; (ii) weighted average time to expiration of the Options which was assumed to be 3 years; and (iii) the volatility was 80.0%. On March 1, 2013, Mr. Russell forfeited his 1,000,000 options which had been granted at an exercise price of CDN\$1.54. Key additional weighted average assumptions used were: (i) the risk free interest rates, which was 1.18%; (ii) weighted average time to expiration of the Options which was assumed to be 2.7 years; and (iii) the volatility was 103.0%. In 2013, the value of option-based awards, using the Black-Scholes Option pricing model, was 150,000 share options multiplied by \$0.11. Option Plan

The Option Plan is intended to provide an incentive, in the form of a proprietary interest in the Company, to officers, directors and employees of the Company or its subsidiaries and any person or company engaged to provide ongoing management or consulting services for the Company or its subsidiaries (collectively, the “**Participants**”) who are in a position to contribute materially to the successful operation of the business of the Company, to increase their interest in the Company and to provide a means through which the Company can attract and retain persons of experience and ability.

In order to create an immediate stake in the Company, executives, directors, and certain key employees receive equity grants in the form of Options upon their hiring. Subsequent Option grants are made based on performance, either at year-end during the normal performance review cycle, or during the year based on achievement of significant milestones.

Some of the principal terms of the Option Plan are as follows:

- Employees, officers, directors (subject to limitations) and service providers of the Company and its affiliates (“**Eligible Optionees**”) are eligible to participate in the Option Plan.
- The maximum term for any Option will be five years pursuant to the Option Plan, subject to being extended by 10 business days if the expiry date falls in a black out period or within five business days following the end of a black out period.
- The maximum number of Common Shares reserved for issuance by the Company pursuant to the Option Plan shall not exceed 10% of the issued and outstanding Common Shares.
- The Option Plan provides that a grant of Options shall vest over a two year period with 1/3 of the Options vesting on grant, and 1/3 on each of the first and second anniversaries of the grant date, unless otherwise determined by the Board.
- The Option Plan provides that, in the event an Eligible Optionee is terminated for cause, all Options granted to such Eligible Optionee shall expire immediately. The default treatment of Options in other termination events is:
 - if an Eligible Optionee ceases to be a director, officer, employee or consultant of St. Augustine (or an affiliate) other than termination for cause or death or Disability (as defined in the Option Plan) only those Options vested at the date of such cessation will be exercisable for a maximum period of 90 days (unless they expire at an earlier date); and
 - - if an Eligible Optionee ceases to be a director, officer, employee or consultant of St. Augustine (or an affiliate) by reason of death or Disability, the Options then vested will be exercisable for a period of one year (unless they expire at an earlier date).
- The Option Plan contains a definition of “Disability” to assist the Board in determining when a holder of Options ceases to be an Eligible Optionee as a result of Disability.
- Upon the occurrence of a Change of Control Transaction (as defined in the Option Plan) all unexercised and unvested outstanding Options granted under the Option Plan vest and become immediately exercisable. The Board discretion for outstanding Options contained in the Option Plan has been removed in these circumstances.
- The Board has the ability to suspend or terminate the Option Plan.
- The Option Plan contains provisions specifically outlining amendments to the Option Plan which may be made by the Board without the further approval of Shareholders. The rules of the TSX require that in order for amendments to proceed without requiring securityholder approval, the plan

must specify if securityholder approval is required for each type of amendment to the security-based compensation plan. If the security-based compensation plan does not have specific amendment procedures in place, then every amendment will require securityholder approval, even simple housekeeping matters. The amendment provisions in the Option Plan contain the limitations on the ability to amend the plan or Options that are required by the TSX and that are recommended best practices.

- The Board may, subject to the prior consent of the Exchange, amend the Option Plan to the extent that such amendment:
 - is for the purpose of curing any ambiguity, error or omission in the Option Plan or to correct or supplement any provision of the Plan that is inconsistent with any other provision of the Option Plan;
 - is necessary to comply with applicable law or the requirements of any stock exchange on which the Common Shares are listed;
 - is an amendment to the Option Plan respecting administration and eligibility for participation under the Option Plan;
 - changes the terms and conditions on which Options may be or have been granted pursuant to the Option Plan, including changes to the vesting provisions and Option term;
 - alters, extends or accelerates the terms of vesting applicable to any Option;
 - changes the termination provisions of an Option or the Option Plan which does not entail an extension beyond the original expiry date;
 - amends or modifies the mechanics of exercise of Options;
 - determines the adjustment provisions in the Option Plan; or
 - is an amendment to the Option Plan of a “housekeeping nature”,

provided that in the case of any alteration, amendment or variance referred to in the Option Plan amendment provisions, the alteration, amendment or variance does not:

- amend the number of Common Shares issuable under the Option Plan;
 - add any form of financial assistance by the Company for the exercise of any Option;
 - result in a material or unreasonable dilution in the number of outstanding Common Shares or any material benefit to an Eligible Optionee;
 - change the class of eligible participants to the Option Plan which would have the potential of broadening or increasing participation by insiders of the Company, including any change to the insider participation limits;
 - reduce the exercise price of any Option or permit a reduction in the exercise price of an Option by the cancellation and re-issue of Options to an Eligible Optionee;
 - extend the term of Options beyond their original expiry date (unless the extension is pursuant to any Black-Out Period that may be in effect);
 - permit the introduction or re-introduction of non-employee directors on a discretionary basis or amend the limits on grants of Options to non-employee directors above the amount contained therein;
 - permit an Eligible Optionee to transfer or assign Options to a new beneficial holder, other than in the event of death or to a wholly owned family corporation; or
 - amend the rights of the Company to amend the Option Plan.
- Options are non-transferable and non-assignable, except in the limited circumstances of death or to a corporation controlled by the holder and wholly owned by the holder and his or her spouse or children.
 - The Option Plan includes a cashless exercise feature that allows holders of Options to surrender vested Options unexercised to the Company in consideration for a payment in Common Shares or cash (at the option of the holder and with the approval of the Board) equal to the difference between

the fair market value of the Common Shares (determined in accordance with the Option Plan) and the aggregate exercise price for the Common Shares pursuant to the surrendered Options. The number of Common Shares issuable shall be this difference divided by the five day VWAP on the settlement date.

- The number of Common Shares, when combined with any other share compensation arrangements, issuable (or reserved for issuance) to “insiders” of St. Augustine and their associates and affiliates may not exceed 10% of the issued and outstanding Common Shares (on a non-diluted basis).
- The issuance of Common Shares to any one “insider” of St. Augustine and such insider’s associates and affiliates, when combined with any other share compensation arrangements, may not exceed 5% of the issued and outstanding Common Shares (on a non-diluted basis).
- The number of Common Shares, when combined with any other share compensation arrangements, issuable (or reserved for issuance) to “insiders” of St. Augustine and their associates and affiliates within any one year may not exceed 10% of the issued and outstanding Common Shares (on a non-diluted basis).
- The exercise price of Options shall not be less than the “market value” of the Common Shares at the date of granting such Option. For purposes of the Option Plan, “market value” means the five day volume weighted average price of the Common Shares on the TSX prior to the date on which the Option is granted.

As of the date hereof, a total of 27,032,500 Common Shares are issuable upon exercise of currently outstanding Options, representing approximately 3.72% of the issued and outstanding Common Shares.

Pension Plan Benefits

The Company does not provide any form of pension plan compensation or other retirement benefits for its directors, officers and employees.

Termination and Change of Control Benefits

In order to attract and retain highly experienced executives to the company, St. Augustine has elected to provide certain termination and change of control benefits. Any payment made as a result of termination of employment will require a general release of all claims against the Company.

The Company currently provides no payment to NEO’s for termination for cause, or retirement other than as follows.

Name	Not-for-Cause Termination	Change of Control
James J. Moore, Vice President-Technical	Payment of 1x base pay with 30 days’ notice for a total of \$33,000 plus immediate vesting of outstanding stock options	Payment of base pay and immediate vesting of outstanding stock options

Change of Control is deemed to have occurred at such time as the occurrence of a “change in ownership”, a “change in effective control” or a “change in the ownership of a substantial portion of the assets” of a corporation. Each definition is intended to be consistent with relevant portions of US Treasury Regulation §1.409A.

A “change in ownership” of the Company occurs on the date on which any one person, or more than one person acting as a group, acquires ownership of Common Shares or ownership of shares of a parent of the Company (together “**Company Shares**”) that, together with the Company Shares held by such person or group, constitutes more than 50% of the total fair market value or total voting power of the Company Shares. If a person or group is considered either to own more than 50% of the total fair market value or total voting power of the Company Shares, or to have effective control of the Company, and such person or group acquires additional Company Shares, the acquisition of additional Company Shares by such person or group shall not be considered to cause a “change in the ownership” of the Company or parent.

A “change in effective control” occurs only on either of the following dates:

- a) The date on which any one person, or more than one person acting as a group, acquires (or has acquired during the twelve-month period ending on the date of the most recent acquisition by such person or persons) ownership of Company Shares possessing 50% or more of the total voting power of the Company Shares. If a person or group is considered to possess 50% or more of the total voting power of the Company Shares, and such person or group acquires additional Company Shares, the acquisition of additional Company Shares by such person or group shall not be considered to cause a “change in effective control” of the Company or parent, or
- b) The date on which a majority of the members of the Company's Board or that of the parent is replaced during any twelve-month period by directors whose appointment or election is not endorsed by a majority of the members of the applicable Board before the date of the appointment or election.

A “change in the ownership of a substantial portion of the assets” of the Company shall occur on the date on which any one person, or more than one person acting as a group, acquires (or has acquired during the twelve month period ending on the date of the most recent acquisition by such person or persons) assets from the Company or parent that have a total gross fair market value equal to more than 40% of the total gross fair market value of all for the assets of the Company or parent immediately before such acquisition or acquisitions. A transfer of assets shall not be treated as a “change in the ownership of a substantial portion of the assets” when such transfer is made to an entity that is controlled by the shareholders of the transferor corporation.

Notwithstanding these provisions, a Change of Control shall not be deemed to occur upon any increase in ownership by existing shareholders Queensberry or RMC in the Company.

Board Diversity and Term Limit Policy

On April 26, 2016, pursuant to the Amended National Instrument 58-101 Disclosure of Corporate Governance Disclosure (“**Form 58-101F1**”) which require TSX listed issuers to disclose certain information relating to the representation of women on boards of directors and in executive office positions and on mechanisms of board renewal, the Company adapted a Board Diversity and Term Limit Policy (the “**Diversity Policy**”) which available at the Company's website at www.sagcmining.com under the heading “Governance,” as well on SEDAR at www.sedar.com.

Term Limits

Under the Diversity Policy, the Board does not believe that fixed term limits are in the best interest of the Company. The N&CG Committee considers both the term of service of individual directors, the average term of the Board as a whole and turnover of directors over the prior three years when proposing nominees. The N&CG Committee considers the benefits of regular renewal in the context of the needs of the Board at the time and the benefits of the institutional knowledge of the Board members.

Policy Regarding the Representation of Women on the Board

The Board recognizes the beneficial impact of diversity on decision-making and overall board performance and has, as a reflection of that recognition, adopted the Diversity Policy. The Diversity Policy outlines the Board's commitment to an identification and nomination process that will identify qualified female candidates. The Board recognizes that diversity among its directors will enhance decision making by the Board by utilizing the difference in perspective of the members of the Board.

The Diversity Policy provides that the Company will consider candidates on merit using objective criteria with due regard to the benefits of diversity and the needs of the Board when identifying suitable candidates for appointment to the Board. In accordance with the requirements of the Diversity Policy, the N&CG Committee will be required to include diverse candidates in its list of potential candidates for positions on the Board. In reviewing the composition of the Board, the N&CG Committee will consider the benefits of diversity in order to maintain an optimum mix of skills, knowledge and experience on the Board.

The N&CG Committee is responsible for reviewing the Diversity Policy and assessing its effectiveness from time to time as necessary in promoting a diverse Board. The N&CG Committee is also responsible for monitoring compliance with the Diversity Policy.

The Company has not adopted a target regarding women on the Board or in executive officer positions as the Company considers all candidates based on their merit and qualifications relevant to the specific role. As of the date of the Circular, 1 out of 5 directors (20%) and 2 out of 5 (40%) Named Executive officers are women.

Nomination of Directors

The process for identifying and recommending the nomination of new Board candidates is the role of the N&CG Committee. The N&CG Committee will identify potential Board members from diverse professional and personal backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity, which assessment will include a consideration of diversity, age, skills, competencies and experience in the context of the needs of the Board. A copy of the charter of the Nominating and Corporate Governance Committee is available at the Company's website at www.sagcmining.com, under the heading "Company – Corporate Governance", as well on SEDAR at www.sedar.com.

Assessments

The Board does not have a formal process or steps established to satisfy itself that the Board, its committees and its individual directors are performing effectively. The Board discusses these issues from time to time among itself and management and implements such changes and makes such modifications as are determined to be necessary or desirable.
