Notes to the consolidated financial statements

As at and for the three and nine months ended September 30, 2021 and 2020

Financial disclosures are presented in U.S. dollars unless otherwise noted

1. Organization & description of business and continuance of operations

St. Augustine Gold and Copper Limited (the “Company” or “SAGC”) was incorporated on January 27, 2010, in the British Virgin Islands. The address of the Company’s corporate office is No. 21, Greenwood Lane, Singapore, 286949. The registered address of the Company is Jayla Place, Wickham’s Cay 1, Road Town, Tortola VG 1110, British Virgin Islands.

The Company has earned no revenues since its recapitalization in 2011 and is focused on the exploration and evaluation of its mineral property. The Company (through a related party company, prior to the Company’s incorporation) and Nationwide Development Corporation (“NADECOR”), a Philippine corporation, entered into a Letter of Intent dated November 10, 2009, and executed a Memorandum of Understanding (“MOU”) on April 27, 2010. Under these agreements, subsequent amendments and related agreements, the Company became responsible for providing technical assistance for operations and acquired the right to earn-in an aggregate 60% equity position, through direct and indirect investments, in the King-king Joint Venture envisioned in the MOU. The earn-in is based on expenditures made to benefit the King-king copper gold project (the “Project”) as well as direct payments to NADECOR. The MOU will be superseded following fulfillment of the terms of an amended agreement executed in 2013 and amended in August 2014 (Note 4.A).

The Project is a copper-gold mineral reserve located at Sitio Gumayan, Barangay King-king, Municipality of Pantukan, Davao de Oro, on Mindanao Island, Philippines. Several years of exploration, including drilling and baseline studies have been completed by various parties. A National Instrument 43-101-compliant Preliminary Feasibility Technical Report had been completed and published on SEDAR on November 1, 2013.

The Philippine Environmental Management Bureau approved the Project Environmental Impact Study and issued the Environmental Compliance Certificate (“ECC”) to NADECOR for the Kingking Project on February 26, 2015.

On January 4, 2016, Mines and Geosciences Bureau (“MGB”) approved the Declaration of Mine Project Feasibility (“DMPF”) therefore authorizing NADECOR and the Company to proceed in the development, construction and operation of the King-king Project per approved plans and strategies.

In June 2016, MGB issued an order approving the assignment of the Mineral Production Sharing Agreement (“MPSA”) to Kingking Mining Corporation (“KMC”) pursuant to the deeds of assignment dated October 22, 2010 and November 25, 2013.

On August 8, 2016, the Company announced that the Department of Environment and Natural Resources (“DENR”) through MGB has approved the renewal of the amended MPSA for another 25-year term.

The Company is dependent upon its ability to obtain additional financing to complete a Bankable Feasibility Study (“BFS”), develop the mine site, and fund operations.

These unaudited interim consolidated financial statements, prepared as at and for the nine months ended September 30, 2021 and 2020 (the “Financial Statements”) have been prepared assuming the Company will continue as a going concern, which contemplates the realization of assets and discharge of liabilities in the normal course of business. The Company earns no operating revenues and has incurred an accumulated deficit of \$28,175,718 through September 30, 2021 (December 31, 2020 - \$26,771,580). The Company had a working capital deficit of \$5,923,224 at September 30, 2021 (December 31, 2020 – \$7,649,573); however, the Company has \$3,500,000 in commitments remaining to a joint venture investee (Note 11.B). Further, additional funds must be raised in order to further develop and construct the Project and ultimately realize a positive economic return. This represents a material uncertainty that may cast significant doubt about the Company’s ability to continue as a going concern. The ability of the Company to continue as a going concern is dependent upon obtaining necessary financing to complete permitting activities, engineering design, construction and placement of the mineral property into commercial production. The Financial Statements do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classification of liabilities that might be necessary in the event the Company cannot continue in existence.

Notes to the consolidated financial statements

As at and for the three and nine months ended September 30, 2021 and 2020

Financial disclosures are presented in U.S. dollars unless otherwise noted

In March 2020, the World Health Organization declared coronavirus COVID-19 a global pandemic. This contagious disease outbreak, which has continued to spread, and any related adverse public health developments, has adversely affected workforces, economies, and financial markets globally, potentially leading to an economic downturn. It is not possible for the Company to predict the duration or magnitude of the adverse results of the outbreak and its effects on the Company's business or ability to raise funds.

These Financial Statements were authorized for issue by the Board of Directors on November 12, 2021.

2. Significant accounting policies

A. Statement of compliance

These Financial Statements, including comparatives, have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting, as issued by the International Accounting Standards Board ("IASB") effective for the Company's reporting period ending December 31, 2020. They do not include all of the information required for full annual financial statements, and should be read in conjunction with the Company's consolidated financial statements for the year ended December 31, 2020. Accounting policies applied are the same as those applied in the Company's annual financial statements which are filed under the Company's profile on SEDAR at www.sedar.com, with the exception of new and revised accounting standards outlined in Note 2.F. The Financial Statements are prepared as at and for the three and nine months ended September 30, 2021, which is part of the period to be covered by the Company's annual financial statements for the year ending December 31, 2021.

B. Basis of presentation

The Financial Statements have been prepared using historical costs and fair values of certain items. Items initially measured at fair value include cash held in foreign currencies, warrant valuations, share-based payments and investments. Also, the Financial Statements have been prepared using the accrual method of accounting, except for cash flow information. The use of "₱" refers to Philippine pesos and "CDN\$" refers to Canadian dollars.

C. Basis of consolidation

The Financial Statements include the accounts of the Company and its subsidiaries. Intercompany balances and transactions are eliminated on consolidation.

D. Segment reporting

The Company operates in a single reportable operating segment, which is the exploration and evaluation of its mineral property. The Company's sole mineral property interest, the Kingking Project, is located in the Philippines.

E. Significant accounting estimates, judgments and assumptions

The preparation of these financial statements requires management to make judgments and estimates and form assumptions that affect the reported amounts of assets and liabilities at the date of the Financial Statements and reported amounts of income and expenses during the reporting period. On an ongoing basis, management evaluates its judgments and estimates in relation to assets, liabilities and expenses. Management uses historical experience and other factors it believes to be reasonable under the given circumstances as the basis for its judgments and estimates. Actual outcomes may differ from these estimates under different assumptions and conditions. There were no changes in key estimates, judgments or assumptions since the year ended December 31, 2020.

3. Investment in mineral property

The following table summarizes changes to the investment in mineral property as at September 30, 2021 and December 31, 2020:

	September 30, 2021	December 31, 2020
Beginning balance	\$ 61,392,584	\$ 60,724,066
Additions	475,307	668,518
Ending balance	\$ 61,867,891	\$ 61,392,584

In the above table includes capitalized depreciation for the nine months ended September 30, 2021 of \$2,813 (2020 – \$29,981) (Note 6).

The Company's investment in mineral property is secured under its rights under the MOU. Additionally, the Company owns 25% of NADECOR directly (Note 4.C). Management expects to fulfill the terms of the Project Framework Agreement ("PFA") (Note 4.A), which will supersede the terms of the MOU. However, until the PFA is substantially completed, the MOU is the current contract in force underlying this asset at September 30, 2021.

The Company has committed to spend \$43,500,000 to complete a BFS for the Project, for which the Company will earn a 45% interest in the Project. The underlying earn-in accumulates as expenditures are made, along with other milestones and earn-in commitments. An additional 6% can be earned through interim payments to NADECOR and an additional 9% can be earned by funding a minimum of \$32,000,000 in capital development expenditures ("CapEx"), subject to adjustment according to outcomes contemplated in the MOU. To earn the full 60% potential interest in the Project, the Company will spend, or pay to NADECOR, a minimum of \$83,000,000, as outlined by the agreement summarized below and subject to adjustments for outcomes contemplated in the MOU. A significant variable which can change this minimum commitment is the planned tonnage throughput of mine operations. In the event that the Company's minimum commitment increases, the Company and NADECOR share in the economic benefit of cost savings against CapEx at the ratio of the earn-in. The Company also incurs costs related to the Project which do not qualify for progress towards the earn-in. The expenditure requirements and progress towards the payments are summarized as follows:

Item	Earn-in amount	September 30, 2021	December 31, 2020
Exclusivity payment to NADECOR (i)	\$ 400,000	\$ 400,000	\$ 400,000
Initial payment to NADECOR (ii)	3,100,000	3,100,000	3,100,000
Initial BFS funding (iii)	30,000,000	30,000,000	30,000,000
Incremental BFS funding (iv)	5,000,000	5,000,000	5,000,000
Incremental BFS funding (iv)	8,500,000	8,500,000	8,500,000
Payments to NADECOR (v)	4,000,000	1,231,000	1,231,000
CapEx funding (vi)	32,000,000	21,184,452	20,543,628
Totals	\$ 83,000,000	\$ 69,415,452	\$ 68,774,628

Notes to the consolidated financial statements

Financial disclosures are presented in U.S. dollars unless otherwise noted

- (i) Direct payment to NADECOR made in 2009;
- (ii) \$3,000,000 was paid in 2010. The remaining \$100,000 was paid in 2012;
- (iii) Direct project expenditures made by the Company pursuant to the Preferred Shares Investment Agreement (“PSIA”). The full amount has been expended;
- (iv) Direct project expenditures after the fulfillment of \$30,000,000 required to be expended following the PSIA;
- (v) The timing of direct payments to NADECOR is contingent on events contemplated in the MOU. During 2011, \$981,000 was paid, \$250,000 was paid during 2013, and the balance is expected to be paid if the terms of the PFA are not fulfilled; and
- (vi) Total CapEx based on planned mine throughput. The minimum commitment is \$32,000,000, and is subject to adjustment depending on the planned throughput of the mine. PFS results indicate throughput would increase the Company’s CapEx commitment should the terms of the PFA not be completed.

A reconciliation of the progress made towards the earn-in to the amounts invested in mineral property included on the accompanying consolidated statements of financial position is as follows:

Reconciliation of Investment in mineral property to earn-in	September 30, 2021	December 31, 2020
Investment in mineral property	\$ 61,867,891	\$ 61,392,584
Depreciable property (earn-in in full on purchase)	-	-
Qualifying fundraising costs	1,788,362	1,788,362
Other (i)	5,759,199	5,593,682
Estimated earn-in balance	\$ 69,415,452	\$ 68,774,628

- (i) Other items include earn-in expenditures that do not qualify as direct mineral property expenditures.

4. Transactions with Nationwide Development Corporation

A. Project Framework Agreement (“PFA”)

On October 3, 2013, the Company, NADECOR and Queensberry Mining & Development Corp. (“Queensberry, Note 7.C) executed the PFA, which was amended in August 2014. In November 2013, NADECOR’s shareholders ratified the execution and implementation of the PFA. The Company received shareholder approval and conditional Toronto Stock Exchange (“TSX”) approval in December 2013. The Company received shareholder approval and conditional TSX approval in July 2014 for the PFA amendment. NADECOR shareholders approved the PFA amendment in June 2014. The PFA amendment was executed on August 8, 2014. The amended PFA’s purpose is to restructure and align NADECOR and the Company’s financial interests in the Project. Upon completion of the amended PFA’s terms, it will supersede the MOU and related agreements. The primary terms of this agreement, as amended, include the following completed items:

- In 2013, NADECOR established a mining company (King-king Mining Corporation; “KMC”) which is 40% owned by NADECOR, 40% by the Company, and 20% by Queensberry (in accordance with Philippine nationality requirements). NADECOR is required to transfer the MPSA to KMC (Note 5.B);
- The Company extends a credit facility to NADECOR of up to ₱860,000,000 (approximately \$20,000,000), subject to available funds (Note 4.B);
 - During 2014 the Company settled NADECOR debts of ₱110,000,000 (approximately \$2,500,000) and \$2,218,810 in exchange for additions to the receivable under the credit facility (Note 4.B);
- In 2013 NADECOR reimbursed \$2,800,000 million in Project expenditures to the Company;

St. Augustine Gold and Copper Limited

Notes to the consolidated financial statements

As at and for the three and nine months ended September 30, 2021 and 2020

Financial disclosures are presented in U.S. dollars unless otherwise noted

- In 2013 NADECOR acknowledged that the Company has earned-in to a 50% economic interest in the Project, and this interest remains in effect whether or not the other terms of the PFA are entirely fulfilled; and
- In June 2016, MGB approved the assignment of MPSA to KMC.

The primary terms of the agreement pending completion are:

- The Company's acquisition of 100% of a milling company (King-king Milling Corporation; "MillingCo") from NADECOR by issuing debt payable to NADECOR (MillingCo was incorporated on February 7, 2014), and provision of funds to build the mill facility;
- NADECOR's shareholders will acquire the receivable from the Company as a dividend;
- The Company will settle the debt payable (with a dividend to NADECOR's shareholders) in exchange for cash or Company shares from treasury (cash or share settlement is at NADECOR shareholders' discretion), up to a maximum issuance of 185,000,000 shares;
- The execution of an ore sales agreement between MillingCo and KMC, making MillingCo the exclusive buyer of KMC's ore;
- MillingCo's provision of loaned funds for KMC to build mining operation facilities; and
- A secondary public listing of the Company's shares on the Philippine Stock Exchange.

KMC (Note 5.B) will be loaned \$11,000,000 under a credit facility which has been committed to secure land acquisitions (\$10,000,000) and to compensate Queensberry (Note 7.C) for certain services provided (\$1,000,000). The Queensberry service contract contains milestone payments related to permitting and transfer of the MPSA to KMC, the Project joint venture. KMC paid \$500,000 of this amount as payable upon issuance of the ECC in April 2015. The Company had advanced \$7,500,000 of the facility to KMC at September 30, 2021 and December 31, 2020 (Note 5.B).

B. Note receivable from NADECOR

At September 30, 2021, NADECOR owed the Company \$5,379,425 under the terms of the facility established by the amended PFA (Note 4.A) (December 31, 2020 – \$5,667,893). The balance includes ₱110 million (approximately \$2,500,000) advanced in cash to settle NADECOR's debt to Queensberry and Company shares issued against other NADECOR debts, valued at \$2,218,810, as well as other advances and accrued interest. The note matures October 3, 2023, at which time a single installment for principal and accrued interest is due. The maturity date can be extended an additional fifteen years at NADECOR's option.
